## Acupay launches re-vamped company website

July 10, 2019

Acupay System LLC (“Acupay”) is proud to announce the completion of a full-scale website redesign, which is now live.

As we look to the future of providing continuously innovative financial service solutions, with particular specialization in the rapidly changing environment of cross-border tax, we aimed to restructure our website in a way which reflects our commitment to staying ahead of the curve and to give each of our clients the most positive user experience possible.

The newly redesigned site was organized with its users in mind first and foremost. Information about our various full-service tax relief solutions is now localized in easily navigable tabs and streamlined for a more comprehensive overview of our offerings.

We invite you to familiarize yourself with our new site [here](#)
